PRODUCT LINE CARD

Comprehensive manufacturer of sanitary pumps, valves, heat transfer, filtration, CIP & separation equipment

Sensors and controls for sanitary and industrial automation

Sanitary & industrial centrifugal pumps, PD pumps & blending equipment

Mixers for industrial, pharmaceutical, sanitary & lab applications

Sanitary flow components for the dairy, food/beverage, brewing and pharmaceutical industries

Sanitary & industrial pressure gauges, thermometers, RTDs & temperature transmitters

Sanitary & industrial flexible hoses & accessories

Measurement and control systems for liquids & gases

Recognized leader in flow control technology and superior-quality engineered valves, actuators and controls

Hygienic gaskets, hoses and accessories

American-made stainless steel & brass compression fittings & valves

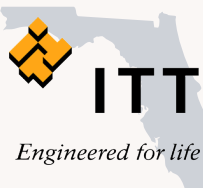

Global leader in design & manufacture of plastic pipe systems

Stainless valves, actuation & flow control

High-performance fluoropolymer & fluoroplastic tubing & pipe

Engineered solutions for severe, critical service applications

World authority in steam engineering products and services

**state specific vendors*

The global leader in press technology

Thermoplastic valves, strainers & flow control

Metering pumps, flowmeters & chemical feed systems

Thermoplastic valves, actuators & piping for industrial markets

Ball, relief & check valves; backflow preventers & hydronic specialties

Electropolished tubing & fittings for high-purity markets

Butterfly valves & flow control solutions

High-purity gas distribution products

Full range of shell and tube heat exchangers proven to be reliable in the most demanding process environments

Thermoplastic valves & controls for corrosive applications

Industrial ball valves for demanding applications
